Welcome Letter

Dear Colleagues,

We are proud to announce the first **World Congress on Controversies in Breast Cancer (CoBRA)**, to be held on **October 23-24, 2015** in **Melbourne, Australia**.

Congresses are numerous, but few address the key issues facing clinicians in their daily practice. New information is often presented, but rarely in a form that is ready for use and the gap between theory and practice is not always addressed. The CoBRA congress will be different. It will deal with controversial issues in aspects of Breast Cancer care, with presentations, debates and discussions. The congress will provide a forum for key-opinion leaders to effectively debate unresolved clinical and therapeutic dilemmas.

We expect strong support from academic and community breast cancer clinicians from Australia and the wider region.

The faculty will include speakers from North America, Europe and Asia, as well as strong local and national leaders. The scientific programme will include a range of topics.

We invite you to be part of the **CoBRA Congress**, which we believe will be an outstanding scientific event.

Sincerely,

Javier Cortes, Richard De Boer, Bruce Mann
Congress Chairpersons

AIMS OF THE CONGRESS

COMPLIANCE INFORMATION FOR SUPPORTERS AND EXHIBITORS

Industry Symposia

Symposia are offered to industry as non-CME commercial/promotional sessions. As such, companies are free to choose their topics, invite speakers, and control content. However, topic and programme are subject to approval by the Organizing Committee and all such sessions will be indicated in the programme as: *Industry Symposium organized by: Company Name (not included in the main event CME credit offering)*

CME unrestricted educational grants

Medical education plays an important role in the quality of healthcare delivered across the globe. By providing an educational grant in support of a CME-approved session, you are making a vital contribution to these efforts.

All educational grants are managed in compliance with relevant accreditation and industry compliance criteria. In order to ensure independence of all CME accredited elements, companies providing grants may not influence the topic, speaker selection, or any other aspect of the content or presentation. No promotional, commercial, or advertising materials may be included in the sessions. All support will be disclosed to participants.

Advertisements

Advertisements are allowed to be for products only and may not include invitations to sessions.

Branded items will carry company logos only. No products logos or advertisements are permitted.

Please note that it is the responsibility of supporters and exhibitors to comply with the local authorities' regulations and IFMPA (International Federation of Pharmaceutical Manufacturers & Associations) Code of Practice on the Promotion of Medicine.
