About Dubai, UAE

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirati people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

Dubai Economy: The past few decades have witnessed incredible growth throughout all sectors of the Dubai economy. The emirate’s government is constantly working to improve its commercial transparency and introduce dynamic regulations that aid the formation of small and medium enterprises. Dubai’s economy is no longer reliant on oil, but is more diversified, relying heavily on trade, services and finance sectors. With its central geographic location between Asian and European markets, Dubai has worked hard to establish itself as an integral part of the global trade mechanism. Its central location has also allowed Dubai to become a popular and accessible tourist destination.

See you at Dubai
ABOUT DUBAI WORLD TRADE CENTER - U.A.E.

Whether it’s the key conferences and exhibitions that make up our annual calendar, our wide selection of venues, extensive services, award-winning hospitality or world class facilities management, we aim to surpass your expectations every time.

We connect people, products and ideas from around the globe through our year-round calendar of international trade fairs, blockbuster consumer shows and prestigious international conferences.

The Dubai World Trade Centre has played a pivotal role in the growth of international trade for the Middle East, ever since our inauguration in 1979. Then, it was through the landmark 39-storey Sheikh Rashid Tower. Today we are the region’s largest purpose-built complex for events and exhibitions.

The epicentre for business tourism in the region, we power the MICE sector through our size, resources, diversity of calendar and scale of events. As well as connecting people through the events we host, we play a major role within Dubai’s economy, attracting revenue for the city’s sights, restaurants and hotels. Each year, DWTC events create more than 25,000 jobs or 36,000 including ancillary sectors that benefit from our events.

We continue to be driven by our role, not just in Dubai’s past but also in its future and to challenge ourselves to create even better experiences for all our clients, exhibitors and visitors.

EDUCATIONAL SUPPORT OPPORTUNITIES

EDUCATIONAL GRANTS

Medical education plays an important role in the quality of healthcare delivered across the globe. APLAR International meetings provide an important scientific and educational content that is developed, presented at the meeting, recorded, repackaged and diffused after the congress. APLAR is seeking industry partners who share our commitment to educational excellence and support APLAR’s educational initiatives through educational grants together with traditional commercial sponsorship. By providing an educational grant in support of the educational opportunities below, you are making a vital contribution to our efforts to deliver high quality education and improve training for all healthcare professionals working in the field of Rheumatology in Asia Pacific.

All educational grants are managed in compliance with relevant accreditation and industry compliance criteria. In order to ensure independence of all CME accredited elements, companies providing grants may not influence the topic, speaker selection, or any other aspect of the content or presentation. No promotional, commercial, or advertising materials may be included in the following opportunities. All support will be disclosed to participants.

SUPPORT OF EDUCATIONAL SESSIONS

Educational grants of any amount, whether for the overall program or for individual sessions, are appreciated and important to the success of the event. All forms of support will be recognized in the Industry Support and Exhibition section of the program guide, on the event website, and with signage during the event.

WEBCASTS OF KEY EDUCATIONAL SESSIONS USD 30,000

Attending all congresses, not to mention all sessions, is impossible for the busy medical professional. Therefore there is a growing need to share knowledge and learning opportunities beyond the dates of the actual event. High quality webcasting helps meet this substantial educational need, extend the life of the congress and provide valuable online educational material for the APLAR. The opportunity to support individual scientific sessions selected by companies and their Webcasting, or the entire scientific programme will allow partners to connect with APLAR 2017 participants as the content is released.

Prior and during the congress:

• All support will be recognized in the Industry Support and Exhibition section of the program guide, on the event website, and with signage during the event (slides at hall prior the webcasted session)

After the congress:

• Support will be recognized at the APLAR 2017 website under the title of webcasted session and lectures.

• Support can be combined with other educational grants and will be acknowledged at the APLAR association website (company logo, hyperlink to your website and acknowledgement).
## ABSTRACTS ON USB KEY

USD 25,000

The USB key will contain all of the scientific abstracts. All meeting abstracts will become part of APLAR and published online after the meeting for constant viewing.

- The USB Key will be distributed to all participants. The supporter’s logo can be printed on the USB key.

- Support will be recognized in the Industry Support and Exhibition section of the programme, on the event website, and with signage during the event.

## POSTERS BOARDS

USD 15,000

- Support will be recognized with signage at the entrance to the Poster area with “Supported by...” and a company logo only

- Support will be acknowledged in the Industry Support and Exhibition section of the program, on the event website, and with signage during the event
PROMOTIONAL SUPPORT OPPORTUNITIES
