Welcome to Singapore

Letter of invitation to sponsor and exhibit

Dear industry colleagues,

We are delighted to be returning our World Congress to Asia 22 years after our last visit. We welcome you to join us and the Australasian Society for Ultrasound in Medicine (ASUM) in the vibrant city of Singapore.

Singapore is a city of growth, in particular in terms of business, research and nature. We would like to extend the multiple opportunities for growth to you. You will be able to network with local and international key opinion leaders, demonstrate your company’s products to new markets and nurture previously existing relationships. Although we set out what some of those possibilities could be, we are always happy to work collaboratively on new ideas and projects to enhance the delegate experience and demonstrate cutting edge research, technology and treatments.

Our World Congress has maintained its reputation for 28 years as the leading event in its field for clinical research and 95% of our attendees say that they would recommend it to a colleague. Be part of this essential event in clinicians’ calendar in one of the most culturally rich and dynamically progressive cities of the world.

We look forward to working with you and thank you in advance for your important support of our Congress.

Your sincerely,

George Condous
